

Mirovia Nordics AB (publ)'s subsidiary Plenius by Mirovia AB acquires Mercanza S.L., Spain's leading Qlik implementor

July 8th 2022

Plenius by Mirovia AB, subsidiary to Mirovia Nordics AB (publ), acquires Mercanza S.L., Spain's leading supplier of Qlik solutions. In 2021, Mercanza had a revenue of 11,9 m EUR and an EBITDA of 1,8 m EUR.

Mercanza, a Madrid-based company, develops technological solutions for business management and business analysis. It was founded in 1991 and has since helped thousands of clients with the implementation of systems and projects.

"When I began the adventure of setting up an IT services company, I never imagined that, after 30 years, I would have 200 professionals on my team, more than 600 clients and such an enriching career journey", says Pablo Manuel Robles Rodriguez, CEO of Mercanza.

As the leading Qlik implementor in Spain, Mercanza helps their clients improve their business management and increase their productivity with business intelligence. Qlik is a Windows application that allows you to create visualizations, graphs, interactive dashboards and analytical applications for local and offline use.

"At Plenius we always look for the best companies, with continuous and stable growth over time. Mercanza's story amazed us from the beginning, but it was when we visited its offices for the first time that we fully understood the scale of this company", says Morten Duwe, CEO and Co-founder of Plenius by Mirovia AB.

About Mercanza:

Mercanza has been developing technological solutions for business management and business analysis since 1991. They offer solutions for Business Intelligence, improving their clients' business management and increasing the productivity of their technological resources.
